

OWNERS OF HOLIDAY HOMES AND APARTMENTS IN THE AREA OF THE TOWN OF MALI LOŠINJ

It is our pleasure to welcome you to the Town of Mali Lošinj and wish you another pleasant stay.

eVisitor, a new information system for the registration of tourists, has been introduced as of 1 January 2016. This free Internet application links all tourism offices in the Republic of Croatia and provides an up-to-date database of accommodation facilities and accommodation providers.

ENTERING THE FACILITIES IN THE eVISITOR AND ISSUING USER DATA:

In order to enter the facility in the eVisitor system and obtain **user data**, it is necessary to visit the Tourism Board once only with the following documents:

- **Owner's social insurance number**
- **Owner's personal identification document (ID or passport)**
- **Certificate of ownership**

After you obtain the user data, it is not necessary to come to the Tourism Board again, and you can continue to register yourself and all other persons visiting the holiday home or apartment.

In the event that the owner of the property cannot obtain the user data in person, it can be done on his or her behalf by means of **power of attorney** certified by the public notary. With this authorisation, the assignee must present his or her ID and a copy of the owner's ID.

REGISTRATION OBLIGATIONS:

Pursuant to the Tourist Tax Act (Official Gazette 52/19), owners of holiday homes and apartments used for vacation purposes shall register temporary residence for themselves and any persons staying in the house or apartment within 24 hours of each new arrival, and shall withdraw such residence registration on the last day of stay.

PAYMENT OF THE TOURIST TAX:

In the period from **June 15 to September 15**, the owner and members of his immediate family pay the tourist tax.

Based on the selected method of payment/per day or lump/ the money order is downloaded from the system and the payment is done in the financial institutions (bank, post office, FINA) or through online banking system.

Town of Mali Lošinj Tourism Board will provide a terminal for registration of property owners at their office and offer professional help.
